

The Biggest Grand Gathering of World Corrosion Community in China

16th INTERNATIONAL CORROSION CONGRESS AND EXHIBITION

10th CHINA INTERNATIONAL EXHIBITION ON SURFACE ENGINEERING & ANTI-CORROSION

Sept.20-23, 2005

Beijing International Convention Center

Sponsor:

Chinese Society for Corrosion and Protection (CSCP)

Organizer:

China International Conference Center for Science & Technology (CICCST)

Co-sponsors:

- Shanghai Huayi Exhibition and Advertisement Co. Ltd.
- Beijing Century Goodwell Exhibition & Promotion Co. Ltd.
- China Titanium Association
- China Chemical Industry News

Supported by:

- Ministry of Science and Technology, PRC
- China Association for Science & Technology (CAST)
- Chinese Academy of Sciences (CAS)
- Chinese Academy of Engineering
- National Natural Science Foundation of China (NSFC)
- Beijing Science and Technology Commission
- Beijing Institute of Aeronautical Materials (BIAM)
- National Key Laboratory of Ocean Corrosion and Protection, China Ship Building Industry Corp.

International Supporters:

- NACE International – The Corrosion Society
- European Federation of Corrosion
- Japan Society of Corrosion Engineering
- Society of Corrosion Protection, Germany
- Australian Corrosion Association

INVITATION

Through unremitting effort by the scientists from the previous corrosion congresses, the 16th International Corrosion Congress, publicly recognized as the Olympiad of the corrosion community, will be held from September 19 to 24, 2005 in Beijing, China. Nearly some 2,000 participants consisting of experts of corrosion and protection, government functionaries, companies, designers and institutions of key projects from at home and abroad, as well as representatives of businesses, will get together in Beijing to exchange ideas and expertise and discuss the future cooperation and development. The 16th International Corrosion Congress is not only an academic gathering of top corrosion specialists from at home and abroad, but also offers a platform with an excellent opportunity for corrosion related enterprises and their counterparts worldwide to conduct business and cooperation. An unprecedented grand gathering of corrosion and protection community from all over the world, this congress has drawn great attention of the Chinese state leaders of various levels. The exhibition, which will be held concurrently with the congress, will also be the top in terms of its scale and size. The participation of five major world organizations will add to this exhibition to be not only a platform of new technology and new products, but also offers an excellent opportunity for technical cooperation and trade talks.

We extend our warm invitation to all enterprises and manufacturers at home and abroad. The organizing committee of the congress would appreciate your sponsorship and support to this event, so as to make it a fruitful and high-level grand gathering of international scientists of corrosion. Let us work together for a better future of corrosion and protection in China.

EXHIBITS PROFILE

Zone of Paints & Coating

All sorts of paints (coatings), construction paints, heavily anti-corrosion paints, non-stick coating, powder paints, organic paints, hydro-based paints, automobile paints, resins for coating, pigments, additives, solvents, producing equipment of coatings, testing instruments of coatings, plating technique and production line, paint covering, powder covering, the production line of automobile plating, plating line of electrical household appliances, plating by mechanical hands, air or air-free plating gun, plating gun of friction and static electricity, reciprocating plating machine, plating room, solid furnace, transportation band and engineering service.

Zone of Surface Treatment Technology & Equipment

Electroplating technique and plating bath, electroless plating, ionic plating, glazing by laser, heat spray plating and heat soaking plating, dacromet, sand-blast, pellet-blast and phosphorizing treating technology and equipment.

Zone of Anti-Rust Technology and Testing Equipment

Washings, passivants, pickling passivation paste, rust-inhibiting oil, anti-rust grease, anti-rust packing materials, delay corrosion agent, contaminant release agent, corrosion rate tester, coat-thickness tester, coating-quality detector, corrosion electro-chemistry aggregative tester, corrosion detecting system and instrument and other testing equipment.

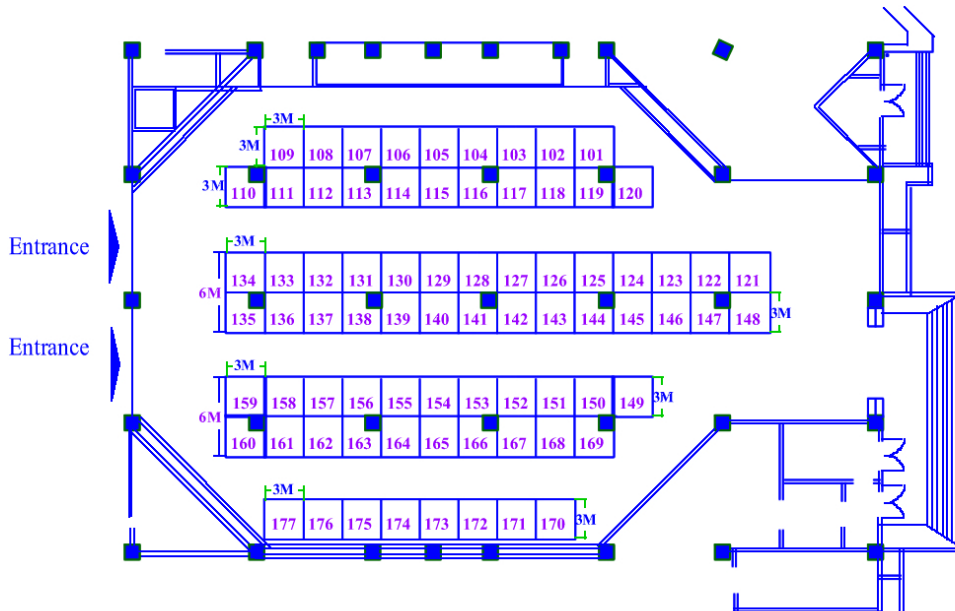

Zone of Corrosion-Resistant Materials and Equipment

All sorts of corrosion-resistant alloys, stainless steel, titanium materials, compound steel plates, coated and plated plates, all kinds of corrosion-resistant engineering plastics, resins, fiber-glasses, porcelain processing equipment and their finished products, other sorts of inorganic materials and their finished products, storage containers, cooling towers, heat exchangers, cauldron canals, pump, valves and pipe mountings.

Zone of Electro-Chemistry Protection, Corrosion-Preventing Engineering

Sacrificing positive electrode, inertia positive electrode, electrical potential control for power supply's protection, various engineering equipment, materials and vehicles, all sorts of technical materials, publications, journals, software and discs on surface engineering and anti-corrosion.

EXHIBITION HALL ICHNOGRAPHY

Hall 2, BICC

北京国际会议中心 第二展厅

北京国际会议中心 第五展厅
Hall 5, BICC

FEES FOR EXHIBITION

USD 2800/9 M²; 3M X 3M Standard booth

A standard booth includes: 3-sided partitions, one table, two chairs, two fluorescent tubes, header sign, one 5A/220V socket

INDOOR FLOOR

USD 280/M² (minimum space 18 M²)

Above price includes naked floor space only. Shelves and appliances for exhibits are available upon request with reasonable fees. Special booth set-up and use of equipment will be charged accordingly.

HIGH-LEVEL PROFESSIONAL AUDIENCE

Producers and manufacturers, government purchasing groups and scientific institutions from the following industries will be invited to attend the exhibition: Petrochemical, automobile and motorcycle, ship building, railway manufacturing, aeronautics and astronautics, plastic manufacturing, metallurgical manufacturing, agricultural machinery, power generating, hoist and transport, home appliances, mould manufacturing, iron and steel, environmental machinery, compressor, building and decoration, electric-controlled equipment, communication materials, electrical machinery, etc.

ADVERTISING AT THE EXHIBITION

For publicity purpose, profile of each exhibitor will be published free of charge and will be distributed during the exhibition. They will also be widely distributed through the network of the sponsors and co-sponsors.

Format of exhibition publication: 210 mm X 285 mm

Fee for advertising in the exhibition publication:

Back cover (color): RMB 12,000

Inside front and inside back cover: RMB 8,000

Inserted page in color: RMB 4,500

Inserted page in B/W: RMB 2,000

Text in B/W: RMB 1,000

Crossing pages: RMB 7,200

Advertisement on entrance ticket: RMB 5,000/20,000 tickets

Document bag: RMB 10,000/2,000 pcs

Advertisement balloon: RMB 10,000/duration of exhibition

Inflated rainbow arch: RMB 20,000/duration of exhibition

Outdoor backplate: RMB 10,000

Indoor advertisement: Charged according to site conditions

TECHNICAL SEMINARS

During the exhibition, various kinds of technical seminars or new product releases will be held. Reservation is required at the price of RMB 8,000/2 hours. Conference

facilities such as overhead projector, multimedia equipment, white board, screen, lecture desk and chairs will be provided. An audience of 50-80 people in each seminar is expected. For further details, please contact the organizer.

Exhibition Organizer:

Ms. Zhang Qinjing / Ms. Wei Dan

16th INTERNATIONAL CORROSION CONGRESS AND EXHIBITION
 Sept.20-23, 2005 Beijing International Convention Center

EXHIBITION APPLICATION FORM

Company _____

Address _____

City _____ Postal Code _____ Country _____

Tel _____ Fax _____ E-mail _____

Contact Person _____ Position _____

I Company Profile (Please feel free to use additional pages)

II Booth Reservation (Please tick to select)

<input type="checkbox"/> Standard (3m x 3m)	USD2,800
<input type="checkbox"/> Naked Floor (min. 18 m ²)	USD280/ m ²
Reserved Booth(s) and area in sq. m: _____	Total Price: _____

III Method of Payment (Please tick to select)

30% of down payment is required after the signing of agreement and is not refundable. The rest of payment can be made 60 days prior the opening of the exhibition. RMB bank transfer to Bank of China, Beijing Headquarters, A/C 00038008091001 with message: ANTI-CORROSION CHINA'2005

Bank Transfer

Postal Remittance

IV Publication and other advertisement (Please tick to select)

(Prices are quoted in RMB yuan)

<input type="checkbox"/> Back Cover (color) RMB 12,000	<input type="checkbox"/> Inserted Page B/W RMB 2,000	<input type="checkbox"/> Advertisement on tickets RMB 3000yuan /20,000 pcs
